Recommended read The Unwedding by Ally Condie: Ellery Wainwright is alone at the edge of the world. She and her husband, Luke, were supposed to spend their twentieth wedding anniversary together at the luxurious Resort at Broken Point in Big Sur, California. But now she's traveling solo. To add insult to injury, there's a wedding at Broken Point scheduled during her stay. When Ellery discovers the body of the groom floating in the pool in the rain, she realizes that she is not the only one whose future is no longer guaranteed. Before the police can reach Broken Point, a mudslide takes out the road to the resort, leaving the guests trapped. When another guest dies, it's clear something horrible is brewing.

Why Rose recommends it: What a fast-paced and suspenseful read! The Unwedding has everything most mystery readers will want-- suspense, murder, love, and nature at its best and worst! Ellery is faced with tragedy on many fronts, but the underlying themes of love and resilience balance the tragedies nicely.
