Volunteer at Procyon Wildlife

Procyon Wildlife will be holding a Volunteer Orientation session on Saturday, March 7th at 1 p.m. at their centre located near Beeton.

Procyon (pronounced Pro-see-on) is a registered charity dedicated to rehabilitating orphaned and injured wildlife and relies solely on volunteers to run the centre.

Procyon is looking for volunteers in Animal Care, Fundraising, Program Development and Site Improvement. If you are interested in Animal Care, this is a great opportunity to work hands-on with orphaned and injured wildlife. They require volunteers for three feeding shifts per day ? 7 days a week. ?If you can commit to one shift per week, we would love to hear from you.?

The fundraising group is actively planning several main events for 2015 as well as applying for grants. Volunteers are needed in this critical area, which funds the ongoing operations at Procyon.

Procyon is in the process of developing educational programs to benefit the community. If you have a background in this area and can help with creating a program, please let them know.

Site Improvement: Procyon is always upgrading and expanding its facilities and needs volunteers with or without construction experience.

E-mail Linda, Procyon volunteer coordinator at volunteering@procyonwildlife.com for more information.
